Messrs. G. A. & J. P. Chapmans-Please publish the following communication, containing the answer to your charge against me, with respect to the Election of state officers in the winter of 1843-4. If it should appear to you to be somewhat too lengthy, do me the favor to consider, that in refuting that charge and showing it to be entirely without foundation, I have to state facts, as they occurred at the time.

Both these charges I declare to be false. They were made without assigning a single act of mine to sustain them. I took no part in the Election of Auditor State Printer or Judge; and if there is any person, Whig or

Democrat, who knows of my having interfered privately or publicly, let him come forward and make it known. Here I might safely let the matter rest, but as there are some circumstances connected with the elections of state officers in the year referred to, which in my opinion deserves to be known, as they are calculated to exon erate me from the charge of any undue interference. That disorganization existed among the Democratic members of the legislature I am ready to admit, nor am I disposed to deny that I was anxious for the election of Mr. Mayhew to the office of State Treasurer; but I can not allow you to use these facts in your endeavours to make the public believe that the want of harmony among the democrats-was mainly to be attributed to my inter-

Requested by Mr Mayhew, with whom I had been intimately acquainted for a number of years, and of whose competency to discharge the duties of state Treasurer I was fully convinced, I introduced him to the members of my acquaintance, and at the same time, recommended him as a moral man, firm Democrat, possessing the requisite qualifications.

If on those occasions I had to speak of Mr Palmer I merely stated, that I had nothing to say against him either as a man, a democrat or as an officer; but that he had held the office for six years in succession; that therefore, another democrat, if of equal qualifications, ought to take the places, as rotation in office constituted a part hereafter.

I resorted to no intrigues or bargains with concise but full account of the Convention: either Whigs or Democrats, nor do I believe that Mr. concise but full account of the Convention :

The meeting having organized, a committee was appointed, charged with the duty, to ascertain from the several candidates, whether they were willing to submit to the action of their friends in making a nomination, and to reporting on the various subjects assigned them; but it was soon seen that time would not allow the various reports to be read at length, so the resolutions accompanyhe committee reported, having received from each of

Mississippi Elections.

DEMOCRATIC TRIUMPH .- The Democracy have again won a glorious victory in Mississippi. We have elected the entire State ticket by a majority ranging from eight to ten thousand votes, and all four members of Congress by a corresponding vote. The Whigs, even before the contest begun, despaired of electing their State ticket, and directed all their energies to the election of one or two members of Congress. To this end, swaps were proposed, and to some extent the traffic in votes took place. But the strong arm of Democracy bore down all opposition.

Those who are suffering from diseases of this kind, as also those who have become invalids from their effects upon the constitution, will find the India Cholagogue a most invaluable remedy for purifying the blood, and thoroughly cleansing from the system the morhid effects of a bilious climate.

The wonderful operation of the Chologogue in eradicating bile from the human system, can only explain its extraordinary agency in the speedy, thorough and permanent cure of fever and sque, and the various grades of intermittent and remittent fevers.

From Hon. Ross Wuxins, United States District Judge for the District Mr. Edward Bingham. of Michigan. Detroit, Oct. 30, 1841.

Bear Sir-With great pleasure I state the fact of the complete and radical cure of the Fever and Ague with which my son William was attacked, by the use; pursuant to directions, of Dr. Osgood's India Choligopue. He had as severe an attack as I ever witnessed, and I apprehended a long winter of this disease, which was some years ago the case when I resided at Tetumsch. But I was providentially led to notice your advertisement in relation to this medicine-determined to try it, and the use of one bottle broke the disease, and I am confident has effected a radical cure, as two month have now clapsed without a return of it, and my son is in the enjoyment of robust health. It is an invaluable me dieine and should be generally known. ROSS WILKINS.

From Hon. STEPHEN V. R. TROWBRIDGE, of Michigan State Senate. Mr. Bingham-You wish me to inform you what I know of Dr. Osgood's India Cholagogue, or anti biliona medicine. I do believe

that if the virtue and efficacy of this medicine were generally known, the Fever and Ague would disappear in Michigan. I procured a bottle in the spring of 1841, and have good reason t believe that myself and family escaped the ague last spring in conrequence of its use.

Perhaps no summer since the settlement of this fine peninsular has the fever and agree been so prevalent as the 15.t. I have recomnended this medicine in numerous instances, and when the disease had become fixed and builled the skill of physicians; and I have never known it fail! It has universally produced the most happy effects, and I believe it has never been exceeded by any medicine in removing the bilious diseases of the climate.

Yours respectfully, STEPHEN V. R. TROWBRIDGE.

From Hon. B. FARNSWORTH, Chancellor of the Sate of Michigen. DETROIT, March 23, 1842. Mr. Edward Bingham, Druggist, Detroit.
